He believes in the future of Tucumcari, and says without hesitation he considers this the best locality in the Southwest for investments in both lands and city property. He bought, so he tells the editor of the News, in Amarillo some years ago property that cost him \$600, and as he came through the other day was offered \$9000.00 cash for it. ## THE BARGAIN CORNER!

### Freezer Wise; ICE FOOLISH

That's a new version of "penny wise; pound foolish," but it means the same. It's mighty poor economy to buy one of those low-priced, hard running ice devourers that requires half an hour of time and a horse power of muscle to freeze a quart of cream. Spend a little more money at the first. You can't melt much ice in five minutes, and that is all the time required to freeze two quarts in a
